Rick to Present Plan To State Commission

More details of the plan for post-war development of the Mission Bay area into a state park will be presented to the State Park and Beach commission at their meeting to be held at Palm Springs, Jan. 4, City Planning Director Glenn A. Rick informed The News this week. He expects several members to be here ahead to look over the area.

Because of the great interest being shown by Ocean Beach people in the project, The News herewith publishes outline of the plan as submitted to the commission Nov. 27 by Mr. Rick, and also displays in The News office window a map of the project. Gist of Mr. Rick's report follows:

"The mayor and city council of San Diego are enthusiastically in favor of developing Mission Bay as soon as possible into the finest recreational area in California. The interest of San Diegans in this project is very extensive. The Chamber of Commerce, numerous organizations, groups and private citizens have intense interest in its development.

"The development of Mission Bay will produce one of the strongest and biggest attractions to draw visitors to California after the war. The tourist industry in California generally, and in San Diego in particular, always has been one of its economic mainstays. In San Diego it ranks with the Navy, with agriculture and with commerce in bringing new money into the community. After the war there will be millions of people from all over the country coming to California. We, in San Diego, want to develop something for the visitors to do when they get here, and to keep them as long as they care to stay. Recreation is what they want and we propose to give the tourist a wide variety of opportunities, such as—fishing, swimming, sailing, power boating, hiking, golfing, etc.

"Mission Bay offers the greatest potential playground imaginable. Its development in the coming years will provide employment for many hundreds. Its operation will provide jobs for local citizens as well as a place to play for visitors.

"The development plan is based upon the following: (1) The Army Engineers' recommendation for flood control on San Diego river, and (2) the report of the chief of engineers, U. S. Army, and the Beach Erosion board on the study of beach erosion at Mission Beach. (3) It is likewise in keeping with the agreement between the city and the state made in September, 1944, to construct the necessary structures at the entrance to Mission Bay to stabilize the entrance. (4) It is not at variance with the recommendations made by the state engineer, Edward Hyatt, in Bulletin No. 48—'San Diego County Investigation 1935.'

"In the preparation of this plan, we had two basic considerations in mind: first, to be of use as an aquatic development, the water must be deep enough at all stages of the tide to permit boating, fishing, bathing, sailing and other sports, and, second, the shoreline property must be made secure against flooding, either from the river or high tides.

"Two depths of water are indicated. The greatest depth is to be 20 feet, which would be provided for large boats. These would come and go through the channel entrance, from the ocean to the yacht harbor. The larger part of the bay, that is, the part above the bridge east of San Fernando place, would be eight feet deep at low tide.

"The present circumference of the bay is about 11 miles. The plan shows the waterfront property to be increased over 100 percent. This is important because of the greater value placed upon water frontage. This has been accomplished by developing peninsulas into the bay and dredging waterways into the adjacent land.

"To develop this ambitious plan it will be necessary to acquire a considerable amount of privately owned land, most of which is now swamp land lying southerly of Mission Bay. This includes the land that was in litigation so long and was given to private owners by a decision of the court a few years ago. It is the earnest desire of the city that the state cooperate with the city on the acquisition of this land to add it to the park.

"As you undoubtely know, the State Park commission and the Public Works department entered into a contract with the Newport Dredging company in January, 1942, to develop the peninsula east of Ventura place. Unfortunately because of the war this contract is frozen. We have recently been advised, however, that the Newport Dredging company has two dredges released from essential war jobs, and that the work might possibly commence. Your assistance to that end will be greatly appreciated. We feel that if a dredge is once placed in the bay, ways and means will be found to proceed with the great dredging job ahead."

High School Now Entitled to Fly Bond Sales Flag

Pt. Loma high school is now entitled to fly the "Schools-at-War" flag. Anne Carmody, student in charge of the weekly bonds and stamps drives, announces that in the recent completion of sales the entire school was 100 percent, making it possible to qualify for this honor of the flag.

Girls Present Farce

Dorothy Shephard, Girls' league president, recently staged a one-act farce from the Drama department's workshop of plays. The farce was "Our Aunt From California" and featured an all-girl cast, including Margie Mishler, Shirley Thiverge, Gloria Alvarado, Lorraine Hegerle, Betty Schumacker, Joan Hollobaugh and Ruth Kuhl. Milton Reynolds served as student director.

Sound Silence Planned

Board of Education members have approved the accoustical treatment of walls in cafeteria and corridors. This work will be done during the spring vacation.

POINT LOMA METHODIST CHURCH TO HAVE SEVERAL PROGRAMS FOR YULETIDE

Pt. Loma Methodist church announces the 1944 Christmas programs to be as follows:

Tuesday, Dec. 19, 7:30—Amistad Circle of young married adults Christmas party; Wednesday, Dec. 20, 7:30—Church school program; Thursday, Dec. 21, 2 p.m.—W.S.C.S. Christmas party; Saturday, Dec. 23, 7:30—Youth Fellowship Christmas party; Sunday, Dec. 24, 4:30 p.m.—Christmas cantata and at 7 p.m.—Community Christmas eve carolling.

Everyone is cordially invited to any or all of these services, announces the pastor, Rev. J. F. Roberts.

For the cantata Dec. 24 the soprano soloist will be Mrs. Berrell Smith, contralto soloist Mrs. Lorraine Gerhardt and the guest soloist baritone Jerry Sullivan of the San Diego Congregational choir. Rev. Roberts will direct the choir and Mrs. Roberts will be the pianist. "The choir chose the vesper hour Sunday afternoon because so many parents enjoy celebrating Christmas eve at home with their families," says the director.

Regard to the Christmas eve carolling, those desiring these young people to sing for shut-ins are asked to phone Rev. Roberts B-5509.

The sacrament of infant baptism will be observed at the morning service Sunday, Dec. 4, 10:45. Those desiring to have their babies baptised are asked to phone Rev. Roberts B-5509.

MARINE HURT WHEN HIS CAR CRASHES INTO POLE

A Camp Pendleton Marine by the name of Wm. R. Staley, 20, failed to make a turn with his car at Cable st. and Long Branch ave. Friday night and crashed into a power pole. His injuries were considerable and he was taken to the Naval hospital. He collapsed enroute. Staley was cited on charges of speeding and having no driver's license, report the police.

Military Methods To Fight Malaria Told to Kiwanis

Army methods of combatting malaria and other diseases in the New Hebrides Island of the south Pacific were described by Capt. H. N. MacMillen, now sanitary officer and food inspector at Camp Callan, to the Kiwanians at their meeting of Tuesday evening. He was introduced by Donald Cochrane, program chairman.

Before spending 14 months in the New Hebrides, Capt. MacMillen was employed 17 years in the Los Angeles county health department. He also is an author of note of articles on hunting and fishing that have been published in sportsmen's magazines.

"We got to the New Hebrides as the Coral Sea battle was in progress," he said, "and the sanitary conditions there showed that the 'disease front' was even more important than the 'tactical front' since we found about 45 percent of the army command down with malaria. A soldier with malaria just isn't any good for fighting. The female Anopheles mosquito was the main malaria cause though we had trouble from dingy fever caused by another type of mosquito that bred in the dark places of the island. Flies were extra bad and were the cause of dysentery and paratyphoid. We found the water supplies contaminated from human and animal excreta and even the clear looking water from mountain springs didn't mean a thing."

He described the methods used in elimination of mosquito breeding stagnant water pockets by use of oil, and by dams to hold water back with which to flush slow moving streams of water, also the use of chlorine in treating the water.

Capt. MacMillan showed two sets of official moving pictures of the military personnel training in self-protection against the various jungle pests and diseases, particularly emphasizing the effectiveness of the jungle first aid kit with which each soldier is provided. He paid high tribute to the cooperation provided by all branches of the military and particularly to the sanitation work done by the army medics and engineers.

One new insecticide now in use by the military in the jungles is going to be a great boon to civilians after the war is over, he said. It's nature cannot be divulged at this time, the speaker stated.

Next meeting of the club will have President-elect Jerry Sullivan for program chairman and a program of Kiwanis education for the benefit of the new 1945 committees will be presented. For speakers he will have two past lieutenant district governors, Frank Harmon of La Jolla and McLean Wilson of National City.

BIDS TO BE LET ON NEW DANA BUILDING ANNEX ON JANUARY 1

Bids are to be let on the new $300,000 annex to the Dana Junior high school Jan. 1, Principal Clarence Swenson informed The News Wednesday. Plan is to begin actual construction by Feb. 1 and to have the new structure ready for use when the school opens again in September 1945 for the next school year, he said.

Frank Hope jr., the same architect who designed the present building, has been employed by the school district to design the new annex.

Sgt. R. J. Karrow, who has been in charge of the Ocean Beach police station for the past two years, began new duties in town Monday, having been transferred to the central station. Taking his place is Sgt. W. N. Gray, who has been on duty at the La Jolla station.

Next week The News will issue its Pre-Christmas advertising edition. Advertising copy should be in this office not later than Monday, if possible, since it will be necessary to add extra pages, and there is the shortage of help to contend with.

IN THE SERVICE -

Richard Shaw, painter 3/c in Navy, came home Sunday to 5047 Niagara ave. from 42 months duty overseas in the south Pacific with the Navy. He is on a 30-day leave.

Claude E. Noorda from Fort Winfield Scott, near San Francisco, is here visiting his parents, Mr. and Mrs. Claude Noorda, 4914 Del Monte ave. He aims to leave Friday to return to his army duty. Their other son, Roland W. Noorda, is expected here Saturday on a furlough visit from his duties with the Army Air Corps at Salina, Kan.

Marine Private Delmar W. Taylor, whose wife, the former Earlene Schnider of Toppenish, Wash., resides at 4775 Newport ave., has graduated from the infantry training school at Camp Pendleton and is now ready for assignment to a Marine combat unit. Prior to his enlistment he was employed in the traffic division of the Seattle, Wash., police department.

A former ferry boat skipper, Lieut. (jg) McKinley M. Moore, 37, U.S.N., of Ocean Beach, has just been appointed ship-to-shore division officer at the Amphibious Training base at Coronado. He succeeds Lieut. (jg) Sidney E. McCartney. Moore, a veteran of campaigns at Sicily and Salerno, served as skipper of a ferry boat on the Erie Canal before he entered the Navy. He and his wife, Mrs. Mary K. Moore, and their three children reside at 4873 Niagara ave.

MR. AND MRS. R. N. NOONAN HONOR NEWLYWEDS AT BUFFET SUPPER SUNDAY

Mr. and Mrs. R. N. Noonan, 4615 Del Monte ave., honored Marine Pfc. William Harold Mason and his bride, WAVE Louise E. Bjerke, who were married by Rev. James Roberts Sunday, Dec. 10 at 4:30, with a buffet supper. The meal was served from an attractively decorated table in the center of which was a white wedding cake flanked by white candles, in a centerpiece of white narcissi and fern. Service friends present to celebrate the occasion were WAVES Janet Wall, Veronica Smertik, Marge Burdette, Ruth Burke, Margie Bell, Marie Ward, Wilma Hughes, Vashti Lyon, Eleanor Groll; and Marines Sherrill Richey and Stanley Cygan.

The groom is on duty at the San Diego Marine base and the bride at the Naval Training station here.

LEGION AUXILIARY TO HEAR REPORT DEC. 21 ON CHRISTMAS BOXES

A report on the effort made by the members of the Women's Auxiliary of the American Legion to fill Christmas boxes for the servicemen at the hospital will be made at the December meeting to be held Thursday evening, 8 o'clock, next week, at the Woman's clubhouse, 2160 Bacon st., Mrs. Roy D. Orrick, announced Wednesday.

Another Auxiliary project for the servicemen has been the donation of $15 for a book of 48 double face phonograph records to be sent to some overseas camp, Mrs. Orrick reports.

LOCAL MOTORISTS WITH EXPIRING LICENSES TO DRIVE URGED TO RENEW

Motorists of Ocean Beach with drivers licenses expiring in January or February, 1945, today are urged by the Department of Motor Vehicles to renew them now in order to avoid delays during the annual registration renewal season beginning Jan. 2, 1945.

The law authorizes such renewals 90 days in advance of expiration dates. There is no charge for renewals.

Director Gordon H. Garland explained that the present manpower shortage in the department makes it necessary for many of the drivers license examiners to assist in the registration renewal work during January. He asked all drivers to look at their licenses and see when they expire.

Orders for printed Christmas cards can be handled if they are placed at The News office in the next week. A few boxes of attractive cards remain which will be sold first come first served.—**Ocean Beach News, 1922 Bacon Street.**

Lownes Elected C. of C. President For Coming Year

Joe R. Lownes, head of the Lownes' stores of Ocean Beach, was elected president of the Ocean Beach Chamber of Commerce, at the annual meeting, held Monday evening at the Log Cabin. He succeeds Lloyd Greeson, who had been president for several years.

Named for vice president was Dan Moss and the following eight for directors: Glen Jones, Lloyd Greeson, Milt Lancaster, John Loftus, Harry Masters, Dan Moss, Rollin E. Reed and Earl Shaw.

Main item of discussion was on a report from Loftus of the local Mission Bay development committee, who told of the Glen Rick meeting here of Dec. 4, at which a motion passed that the Mission Bay plans be recommended to various civic groups of Ocean Beach. At conclusion of the discussion, a motion passed that the Chamber of Commerce go on record as favoring the tentative plan for the project as presented by Glen Rick, city planning director. Other motions passed included the following:

One to send a letter of congratulation to Fred A. Rhodes on his recent appointment to the position of city manager.

One to convey the organization's good wishes and hopes for a speedy recovery to Mayor Harley E. Knox, who was severely injured recently in the same plane crash in which City Manager W. W. Cooper was killed.

A collection also was taken at the meeting for the purchase of a bouquet of flowers to be sent to Mayor Knox.

Bonded Debt Of County Up To $66.45 Per Capita

Bonded debt of the county and other local governments in San Diego county totalled $26,579,111 at June 30, 1943, an average of $66.45 per person, California Taxpayers' association stated today, making public its study of the latest data available on the combined debt of local governments in California courties.

Total bonded debt in the county was made up of $2,987,000 for the county government, $18,975,441 for the cities in the county, $3,968,000 for the school districts, and $648,670 for the special districts. The last figure may be incomplete, many special districts not reporting to any central agency.

In all California counties and other local governments had a total bonded debt of $862,567,662 at June 30, 1943. The counties owed $138,731,500; municipalities, $523,726,155; school districts, $151,981,630; and special districts, $48,128,377. This averaged $110.66 per person. Only two counties, Alpine and Mono reported no debt.

State debt at June 30, 1943, amounted to $134,095,500, or $17.20 per capita. Part of this has been provided for with amounts set aside by the 1943 Legislature.

Federal gross debt was about $215,000,000,000 at the end of November, 1944. At June 30, 1943, it amounted to $136,696,090,330. California's share in 1944 was $7,878,250,000, an average of $1,011 per capita. Today it is about $1,400 per capita.

"Increases in state and local government debt, though small in proportion to the federal debt, will only add to what must be repaid," the association said.

"Today, increases in bonded debt for postwar projects are being discussed in some communities. Such proposals should receive careful scrutiny as regards need for the project, ability to pay for it, and the best method of financing."

COMMITTEE ON POST-WAR PLANNING TO MEET DEC. 15 AT WOMAN'S CLUBHOUSE

LEAGUE OF LOCAL CHURCH WILL PRESENT CHRISTMAS PAGEANT NEXT WEDNESDAY

The Walther league of Bethany Lutheran will present a Christmas pageant next Wednesday evening, Dec. 20, at 8 p.m. entitled "Our Gifts of Peace!" Participating will be the leaguers, the choir and Pastor Martin Lankow. All are invited to attend this service. The free will offering is designated for the Wartime Service fund.

Bethany Lutheran church has taken possession of its newly acquired parsonage adjoining the church building. This addition also permits the increase in the size of the playground for Bethany Lutheran school, reports the pastor.

WALTER GAGNON AND EVA SANTOUSSO MARRIED DEC. 5

CBM Walter Gagnon of 5047 Niagara, son of Mrs. Angie Gagnon, 4812 Orchard, and Eva Santousso of Milford, Mass, were married Dec. 6 at the Methodist parsonage by Rev. J. F. Roberts in a 10 p.m. ceremony. Present beside the couple were Mrs. Angie Gagnon, Helen Wood, Rudy Shaw, Suzan Shaw, Paul Gagnon, Sherman Veach, Mr. and Mrs. William Smith and Mrs. Laura Shaw.

The groom had recently returned from 30 months overseas duty in the south Pacific. The couple will make their home at 5047 Niagara.

Schools to Start 2 Weeks Holiday Vacation Today

Public schools of the Ocean Beach area, in keeping with all the others in the county, will close this (Friday) afternoon for the annual holiday vacation, and will not re-open until Tuesday, Jan. 2, the various principals informed The News this week.

At Pt. Loma high school, the Christmas music was featured at the student assemblies held Tuesday morning. Members of the Choral music department, directed by Miss Vera Jane Parrott, provided the program, and Norma Belloff, speech student, gave a reading of the Biblical story of the Christ Child. The girls glee club sang Thursday for the Woman's Guild of the Pt. Loma Community church and will sing Christmas songs again for a city-wide Campfire girls meeting Dec. 17.

Pageant at Junior High

At Dana Junior high, in part because of the crowded conditions there, the special Christmas program was presented five times during Thursday, four times in the forenoon for the lower grades and once in the afternoon for the upper grades. Harold Moody was in charge of the Yule pageant presented and Miss Evelyn Bettger of the Christmas music. Christmas carols singers were featured, and Rev. J. F. Roberts delivered the special Christmas message in the afternoon.

Window Display Features

Dana's art department has provided an attractive holiday feature in the stained window glass displays in the windows of the upper corridor of the building. The art work is being made especially attractive by lighting of the windows. Mrs. Helen Wolfe, art department director, is in charge of this Christmas feature.

Program on Two Days

At Ocean Beach elementary school, the Christmas program was presented Thursday and will be given again today (Friday). The program given was "Why the Chimes Rang," with Mrs. Daphne Jones and Mrs. Edith Kirby directing. For the four lower grades the program was presented Thursday and for the fifth and sixth grades will be given today.

Stone All-Stars Take Finals in Casaba Tourney

Stone's All-Stars won the championship in this season's basketball tournament at the Davis building play center, taking the final game Dec. 7, from the La Jolla As 46 to 29. Jay Timmons, center, with 25 points, was high scorer. Others in the lineup were Bill Hamlin and Bill Stone forwards and Alan Blackwell and Bob White guards. Team subs were Bill Kettenberg, Tom Ashley and Bul Sherrill.

On the losing team were Harper and Karnes forwards, Pinnell center and Coleman and Mehas guards.

To the All-Stars go the individual trophies given by the local Kiwanis club, preesntation to be made at the earliest opportunity. Three of the champions already are in the armed forces, Kettenburg, Ashley and Sherrill.

La Jolla Bs finished the season third, Pt. Loma Bs fourth, Rice's fifth and Pt. Loma As last.

Graschel Tops in Pool

Graschel was tops in pool this week, with Hesson, Herz, Perry and Rogers in that order; and in ping pong Graschel also first, Hesson second, Suhre and Liepensburger in that order. Both these and the badminton tournament are to close the season later.

CHRISTMAS PAGEANT TO BE HELD AT WALLACE HALL SUNDAY, DEC. 17

A Christmas present, showing nine scenes from "The Nativity," will be staged at Wallace hall of Trinity Episcopal church by the 30 children of the 'Mother Goose' kindergarten school, the date to be Sunday, Dec. 17 and the hour 3 p.m. Mrs. Meta W. Bruce, director of the school, and her daughter, Miss Meta Bruce, will direct the pageant.

WAR BOND CHRISTMAS

Three out of every five Americans now own War Bonds, a ratio never before achieved by any medium of saving. In World War I, it is estimated, only about 25 per cent of the population bought bonds, but in this war the figure already has climbed to 60 percent, with 81,000,000 people holding War Bonds of a value of $36,883,000,000.

That is a remarkable record, but it still fails to measure up to the remarkable heroism and great sacrifices of the fighting men who are dependent on our backing.

What better gift can we give this year—to our loved ones overseas, and to our families and friends here at home—than War Bonds? With every Bond we purchase, whether for ourselves or others, we will be helping to speed the day when we can have a real Christmas again—the day of peace and good will among men.

This Christmas, give a War Bond!

A CHRISTMAS EDITORIAL

Among the especially good Christmas messages that The News editor has read thus far this month is the following from Principal L. L. Bloomenshine of Point Loma high school, published in the Dec. 8 issue of "The Pointer," the high school student publication:

Peace on Earth to All Men

"Our traditional Christmas greeting is a hope, a burning necessity, and a promise. For all people of good will throughout a war-scorched earth we wish the comfort of a world at peace. If this peace is to have a solid foundation we must see to it that there is provision for social justice, for mutual respect among men, for freedom of the mind and spirit Above all, Christmas is a promise. It is fitting that the Eastern star requires men to raise up their heads and lift their vision above the hill tops. The symbol of Christmas is a Child with the future of mankind in His hands. The promise is made to us, but we must help fulfill it.

"To Lomans now in service and to those who will go, to The Pointer staff and to the loyal student body it serves. I recommend the old hope, the present necessity, the future promise implied in 'Merry Christmas'!"

"No Atheists in Bombers"

In England they tell of a conversation between a hard-boiled English Air Force tail gunner and a chaplain who was making an observation flight in a bomber strike over Berlin.

Over the target there was a black wall of flak and the going was rugged. When the bombardier cut in on the inter-phone with his welcome "Bombs away!" he was immediately followed by the tail gunner:

"Come on, Skipper. Let's get the hell outa here."

"Steady, lad, don't worry," came the calm voice of the chaplain. "God rides with us."

"He may be on the flight deck," snapped the gunner. "but he's not back here." A second later a cannon shell from a German fighter whined under the gunner's right arm, missed his chin with a hot whisk and went through dome without exploding.

"Tail gunner to the chaplain." barked the inter-phone. "Correction, He just walked in."

We had 39 dozen cookies and two birthday boxes. Miss Dorothy Shaw donated a beautiful angel food cake and 4½ dozen frosted pink and white cookies. Mrs. Willard Tripp donated 1½ dozen decorated cup cakes. All went to the boys who have just arrived from the South Pacific in the main hospital.

More Christmas cards are badly needed. Please send them in. They are for the boys to mail to their loved ones. Please attend to this at once. Miss Nye also tells me they need more tree decorations. If you have these articles please bring them to 4769 Del Monte ave. and also bring in your Christmas boxes at once as Dec. 15 (today) is the deadline on them.

Would like all who are interested to come up and see our boxes before they go into headquarters on Thursday.

YOU HEAR IT EVERYWHERE:

Yes, home owners throughout California these days tell their friends, "We refinanced our home loan at Bank of America. Now, instead of an old first and second mortgage, we have a single FHA insured loan which we meet with smaller monthly payments."

That's the whole story of home loan refinancing in a few words, and if that story interests you, the manager or lending officer of your nearest branch of Bank of America will gladly answer any questions.

INVEST IN WAR BONDS AND HOLD THEM UNTIL MATURITY

This Christmas
the war trains will roll
—as usual

Out on the line, December 25 will be as busy as any other day on the Southern Pacific. It won't be much of a holiday for our men at the front, either. The enemy doesn't stop shooting just because it's Christmas.

This Christmas Day and night we shall keep the war trains rolling, just as we have kept them rolling every day and night since Pearl Harbor.

To all the travelers and shippers we served this year—our heartfelt thanks for your sympathetic understanding of our problems, and the cheerful way you accepted the inconvenience of wartime transportation.

In sending you the Season's Greetings, we join with you in praying that next Christmas will be celebrated in a world of peace.

Civilians! To avoid disappointment please don't plan a holiday trip on Southern Pacific trains. Let a man in uniform go instead.

OCEAN BEACH NEWS SUPPLEMENT, December, 15, 1944

WHAT'S BUZZIN'!

By CHERIE.

December 7, 1944 . . .

Dec. 7, 1941, the fatal day for all of us, was the marriage day for the **Lloyd Stuckey jr.'s.** They heard the shocking news at 9 a.m. and were married at 11 a.m. Lloyd says, "It was a sad state of affairs, and we all felt pretty low, but we had planned it for that time, and we went through with it." Last Thursday, Dec. 7, they celebrated their third anniversary. The Stuckeys live at 4636 Long Branch ave., and **Lloyd** is the son of **Lloyd Stuckey sr.** whose talent as a poet has been recognized by one of our local papers.

* * * *

About Town . . .

Bill Hamlin, popular Pt. Loman and better known as **"Wild Bill,"** will now put forth his talents in the Army Air Corps . . . **Harold Sulek** also will answer to the roll call of one of the branches of service . . . It's good to see **Lee Wilson (Eric Lee Cafe)** up and at 'em again. Lee has been very ill for some time now . . . **Jim Morris** (Bank of America) had an emergency appendectomy Saturday, and is a pretty sick fellow. He is in the Hillside hospital . . . **Harry Polan (Nedra's Gift Shop)** had to make a trip to L. A. on business last week, and I think we'll have to follow in his footsteps this week-end . . . **Pat and Elvy Hayes** were called to Ft. Smith, Ark., by the sad news of the accidental death of their father . . Pacific Shores celebrated their 3rd anniversary Dec. 6. They had their opening the evening before the "bad news" day in 1941 . . . **Virginia Chenoweth,** former manager of **Pacific Shores,** is expecting a bundle from Heaven soon . . . **Johnny Johnson (Cache of Sweets)** has been nursing a bad cold and it really has been a problem . . . **"Shorty" (Ocean Beach Liquor)** lost his little "doggie pal" last week . . . Good news from **Jim** and **Buda Mero** on little **Buda Lys** condition . . . It's good to see **H. W. Severtson,** better known as **"Dutch,"** of the motorcycle squad, back in circulation again. . . . **Marty** and **Midge Frank** and son, **Jeffrey,** vacationed in Hollywood last week . . . Ditto, **Ralph** and **Lillian Way** . . . Ditto, **Larry Kuhl** . . . **Dotty Cowan** is now bragging about her "civilian" husband, after years of service in the navy . . . **Carl Fields,** celebrated a birthday Dec. 6, and also is a civilian after long years in the service . . . **Mr. and Mrs. Jack Johnson,** formerly of **Ocean Beach Transfer,** who now hail from Walport, Ore., are visiting our fair city. Jack is now the manager of one of the finest fishing resorts and trailer camps in Walport . . . We regret to lose **Mr. and Mrs. George Fisher** to the City of the Angels, (Los Angeles to you!)

That's all this trip, folks!

MILITARY FUNERAL FOR EDWARD J. KLOSTERMAN HELD AT FT. ROSECRANS

Final military rites were held at Fort Rosecrans National cemetery Thursday for Edward John Klosterman, 43, who died of a heart attack in his home at 4664 Santa Monica ave., Ocean Beach, Friday.

Klosterman, a veteran of 18 years service in the Navy before being called to active duty in December, 1941, held the rating of machinist's mate, first class, U. S. N. (ret.), and was engineer of the Eleventh Naval district commandant's barge at the time of his death.

Enlisting in the Navy in his home town, Buffalo, N.Y., in July 1911, Klosterman served at naval stations on both the east and west coast and in Pearl Harbor, and had seen duty aboard the cruiser U.S.S. Chicago and several submarines of World War I type.

Retired in 1937, Klosterman was recalled to active duty as a member of the U.S. Naval Fleet Reserve soon after Pearl Harbor, and served several weeks at the Naval Air station, San Diego, before being transferred to the admiral's barge.

In addition to his wife, Florence, he is survived by his son, Edward, 20, flight officer, U. S. Army Air Corps, and a daughter, Joan, 13.

Marc Strauss reports that his store will be open until Christmas every evening, week days, until 9 o'clock, for the accommodation of the holiday shoppers.

WAR BOND CHRISTMAS

Three out of every five Americans now own War Bonds, a ratio never before achieved by any medium of saving. In World War I, it is estimated, only about 25 per cent of the population bought bonds, but in this war the figure already has climbed to 60 percent, with 81,000,000 people holding War Bonds of a value of $36,883,000,000.

That is a remarkable record, but it still fails to measure up to the remarkable heroism and great sacrifices of the fighting men who are dependent on our backing.

What better gift can we give this year—to our loved ones overseas, and to our families and friends here at home—than War Bonds? With every Bond we purchase, whether for ourselves or others, we will be helping to speed the day when we can have a real Christmas again—the day of peace and good will among men.

This Christmas, give a War Bond!

A CHRISTMAS EDITORIAL

Among the especially good Christmas messages that The News editor has read thus far this month is the following from Principal L. L. Bloomenshine of Point Loma high school, published in the Dec. 8 issue of "The Pointer," the high school student publication:

Peace on Earth to All Men

"Our traditional Christmas greeting is a hope, a burning necessity, and a promise. For all people of good will throughout a war-scorched earth we wish the comfort of a world at peace. If this peace is to have a solid foundation we must see to it that there is provision for social justice, for mutual respect among men, for freedom of the mind and spirit. Above all, Christmas is a promise. It is fitting that the Eastern star requires men to raise up their heads and lift their vision above the hill tops. The symbol of Christmas is a Child with the future of mankind in His hands. The promise is made to us, but we must help fulfill it.

"To Lomans now in service and to those who will go, to The Pointer staff and to the loyal student body it serves, I recommend the old hope, the present necessity, the future promise implied in 'Merry Christmas'!"

We had 39 dozen cookies and two birthday boxes. Miss Dorothy Shaw donated a beautiful angel food cake and 4½ dozen frosted pink and white cookies. Mrs. Willard Tripp donated 1½ dozen decorated cup cakes. All went to the boys who have just arrived from the South Pacific in the main hospital.

More Christmas cards are badly needed. Please send them in. They are for the boys to mail to their loved ones. Please attend to this at once. Miss Nye also tells me they need more tree decorations. If you have these articles please bring them to 4769 Del Monte ave. and also bring in your Christmas boxes at once as Dec. 15 (today) is the deadline on them.

Would lik all who are interested to come up and see our boxes before they go into headquarters on Thursday.

PERSONALS..

Mrs. A. Munchiando of 4681 Green st. returned last week from Colorado where she was called by the death of her father, W. F. Burns, 70, of Salida, Colo. He had been the owner of several mines in that state.

House-guests at the home of Mr. and Mrs. Al. Munchiando 4781 Green st., this week, were Mr. and Mrs. Ray Bratton and Mrs. Wm. Prince jr. of Wickenburg, Ariz, and Pfc. Orville R. Bratton, US.M.C., recently returned from action in the south Pacific. Orville was wounded at Saipan, for which he was awarded the Purple Heart. He was joined here by his wife who is doing Radar work for the Navy in San Francisco. After a 30-day furlough, Private Bratton will be stationed in San Diego for six months shore duty. Mrs. Ray Bratton is a sister of Mrs. Munchiando.

IT TAKES PLENTY OF WAR BONDS TO BUILD B-29s

THE WAR in the Pacific is the most costly war America has ever engaged in. It's simple arithmetic. A mountain of special, costly equipment is needed. A B-29 Superfortress used in the bombing of Japan costs $600,000 in War Bonds. And this is just *one* of the many extra costly implements of war needed to achieve final victory in the Pacific.

That's why the 6th War Loan Drive is so important. That's why you must back it as generously as you have every other war loan drive. Invest in the next raid on Japan....

Last Drop

To prevent waste in glass jars of shortening, set the jar when nearly empty in a warm place or in a pan of hot water and let the rest of the fat melt. It can then be poured into a shallow container.

Dry Shower Curtains

Be careful with shower curtains—always spread them out to dry. Mildew also will attack shoes stored in warm, damp places and any damp clothing hung away in a closet. Keep shoes off the floor where air can get around them, preferably on a rack and placed so they can not touch each other. Shoes also may be stuffed with paper, which will absorb moisture.

Tomato Relish

A good way to whet your family's appetite for relishes is to use some of the extra tomatoes on hand from your garden to make uncooked relish. To prepare, combine two quarts of tomatoes with chopped celery, onion and pepper, and flavor with mustard seed, nutmeg, cinnamon and clove. This will make three pints of relish, which can be kept in the icebox for several days.

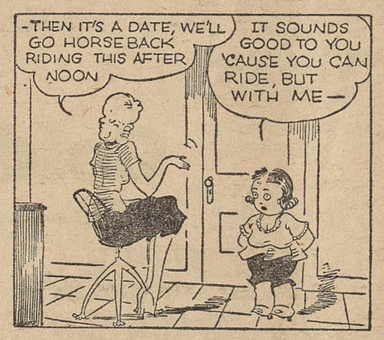
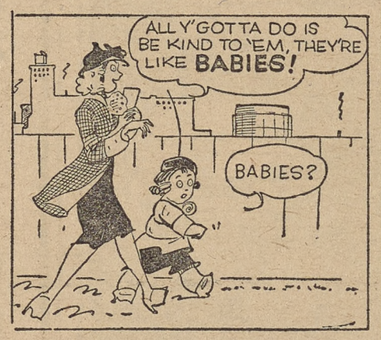
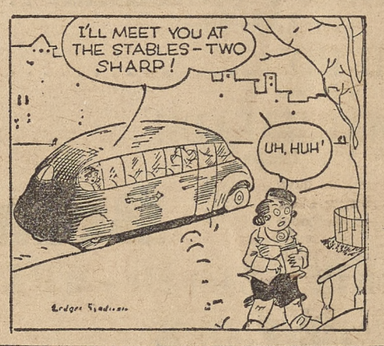
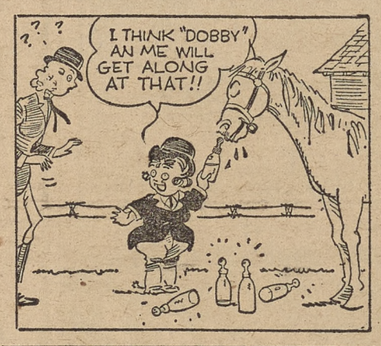
WNU Features.





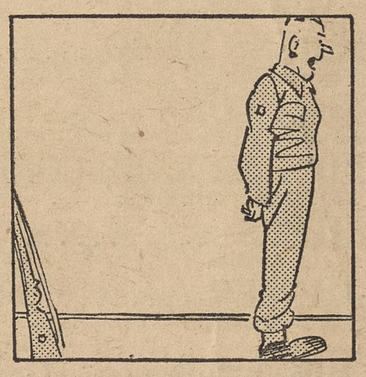


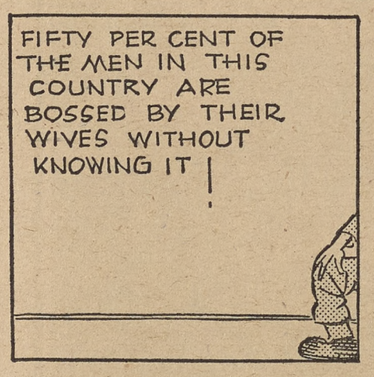


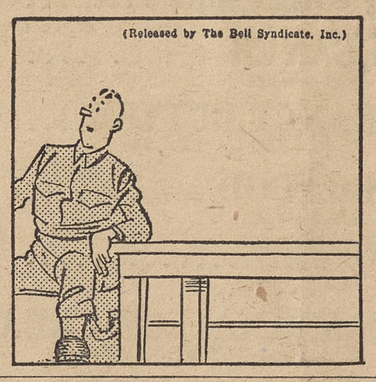
POP

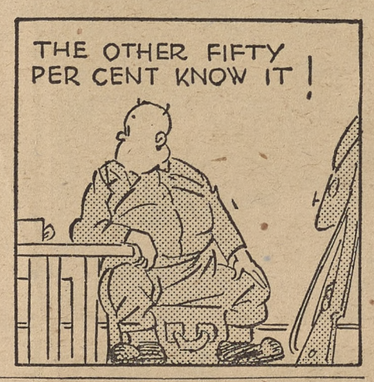
By J. Millar Watt

WNU









IT'S A PLEASURE

Him—Don't you hate people who talk behind your back?

Her—Especially at the movies!

Just Another Pane!

Sonny—Pop, may I have a dollar to go window-shopping?

Dad—You don't need any money for window-shopping.

Sonny—Well, you see it's for Mrs. Brown's window that I broke!

Fair Exchange

Jones (listening to speaker)—You know, it's wonderful the way he brings things home to you that you never thought of before.

Smith—Yeah, he reminds me of my laundryman!

HARD TO DECIDE

Calvin Coolidge and some friends were exchanging opinions about a senator's unusual speech methods.

"I remember when I heard him addressing an audience," said someone. "The senator ended his harangue by saying, 'I have just given you all the facts. Now you can vote for me or go to hell.' "

"Silent Cal" paused a moment, while the effect of this startling ending sunk in. Then he remarked:

"It was a difficult choice."

Relative Advantage

Harry—Are you going to hear my aunt sing?

Jerry—No. I have to look after my little brother.

Harry—I sure wish I had a little brother!

Very Helpful

Mrs. Brown—We agreed that it would be helpful if my husband and I told each other all our faults.

Mrs. Blue—How did it work?

Mrs. Brown—I haven't spoken to him since!

NO FINGER BOWL

Customer—Waiter, this soup is cold!

Waiter—What do you want me to do? Burn my thumb?

Included!

Patient—What I need is something to stir me up—something to get me riled up. Did you put anything like that in this prescription?

Doctor—Well, you'll find that in the bill!

Low Ceiling!

Mrs. Brown—Your apartment is just perfect. Don't you think so?

Mrs. Smith—No, I'm going to move.

Mrs. Brown—Why, what's wrong?

Mrs. Smith—A saxophone player!

HOUSEHOLD HINTS

If a small article has fallen into some hard-to-get-at place, use a wad of chewing gum stuck on the end of a long stick to get at it.

—•—

Never put food in paper bags in the refrigerator. Air should circulate freely around the food if it is to be preserved at a safe temperature.

—•—

If needles are scarce, open up one of the old pin cushions and doubtlessly you will find a number of needles embedded there.

—•—

Do you have an old eye-glass case around that isn't in use? Employ it as a red and blue ration token holder.

—•—

Use the corn popper to toast odd bits of stale bread.

—•—

A clean tea towel, pinned smoothly over my rolling pin, substitutes for a sleeve-board very satisfactorily. Both large and small sleeves can be ironed nicely and quickly on it.

—•—

An easy way to coat doughnuts with sugar is to place them in a paper sack with powdered sugar. Shaking the bag will do the rest.

—•—

Adjust the cover of the ironing board onto the board while it is still wet after washing. It will then fit tight.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills*. *Doan's* have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. *Ask your neighbor!*

THE FACTS ON THE COFFEE SITUATION

A Statement by the Producing Countries

MR. GEORGE C. THIERBACH, *President*
National Coffee Association
120 Wall St., New York

Dear Mr. Thierbach:

In view of the various reports that have appeared for some time in the press of this country relative to both the supply and prices of coffee, and in view of recent statements from responsible sources to the effect that the responsibility for the solution of these problems rests with the producing countries, the Pan-American Coffee Bureau has decided to submit to you a clarification of the factors involved in the great crisis which now faces the coffee industry of Latin America.

The Pan-American Coffee Bureau has, without exception, always scrupulously abstained from expressing any opinion or taking any position with respect to any of the war-time regulations or restrictions imposed in the United States.

As a foreign agency the Bureau has rigorously refrained from direct or indirect interference in any manner, in subjects concerning the internal economy and policies of this country.

This policy has been strictly adhered to, as can be testified to by the National Coffee Association and during recent years, so fraught with difficulties and problems for the coffee industry, the Bureau has concentrated on cooperating with the National Coffee Association, the various government agencies of the United States and the producing countries for removal of difficulties, an early solution of existing problems, and faithful adherence to all war-time regulations.

We have considered these policies as the least we could do in order to reciprocate the favorable and cooperative attitude shown by the government, the trade and the public of this country towards the Bureau and the entities which the Bureau represents.

However, it does not seem to me to be necessary to deviate from our policy in order to submit a concise statement of facts as they affect the Coffee producing industry of the Western Hemisphere.

Coffee Prices Reached All-Time Low in 1940

Following the outbreak of the European War, with its consequent closing of markets for about 10 million bags of coffee produced in Latin-America, the price of coffee already greatly depressed because of a long period of over-production, because of abandonment by Brazil of the price support policy which it followed until 1937, and because of restrictive tariffs in various consuming countries—(colonial protection in Continental Europe and Imperial preference in Canada and Great Britain) reached the lowest levels in history.

These disastrous levels, starvation prices if permitted to continue for any length of time would have resulted in ruin for the coffee industry of Latin-America, and in economic chaos for the 14 coffee producing countries of this Hemisphere.

Such a catastrophe would have resulted in deplorable social and political repercussions, would have opened the doors of the Americas to dangerous extremist ideologies which were making bold experiments in Europe and what is most important, would have cut off vitally important markets in Latin-America for United States industries.

Ceiling Price Set Below 30-Year Average

The completion of the Inter-American Coffee Agreement, in which the United States participated, averted this calamity. The coffee market slowly recovered and prices reacted in a healthy manner until they reached, late in 1941, a level which was then acceptable or even satisfactory *when compared to the* disastrous depths to which they had fallen in 1940.

It should be noted at this point that the sole basis for the acceptability of these prices was the fact that they represented a partial recovery from the all time lows afore-mentioned, which obviously cannot be taken as a fair basis of comparison.

When war-time conditions made necessary price control in this country, green coffee prices were frozen at the levels prevailing in 1941, levels which as we have seen were at that time acceptable to the producers. However, it is clear that these so-called "recovery" prices of 1941 were far from remunerative, when it is considered that they were still about 5% below the average of the past 30 years.

Coffee prices still continue frozen on that basis today, at the end of 1944.

Production Costs Substantially Higher

With this background, the present situation may be summarized as follows:

a) The agricultural and industrial wages, local transportation, the cost of machinery and other articles which coffee producers import, etc., all rose substantially between 1941 and 1944 (in some cases up to more than 100%) which increases have been fully reflected in highly increased cost of coffee production.
But the prices of coffee continue frozen on a 1941 basis and therefore, coffee producers at present have to produce coffee and to live in 1944 at 1944 costs while their income is frozen at 1941 levels.

Abandoned Coffee Trees Portend Disaster

b) This state of affairs is already resulting in the abandonment of millions and millions of coffee trees throughout Latin-America and in the failure adequately to care for and maintain plantations still in production. If this situation is prolonged there will be an inevitable collapse of the coffee industry of Latin-America.
As the war stimulated the demand for meat, cotton, and grain, many producers have found a temporary and precarious compensation in raising cattle and growing other products. With the advent of peace and the restoration of local production in the countries devastated by the war, this temporary demand will cease and with it will cease the temporary income offered former coffee producers whose situation will then be desperate.

Present Prosperity in Coffee Countries—an Illusion

c) The apparent prosperity in the coffee producing countries, an appearance resulting from existing favorable international trade balances, is illusory and frankly misleading. Such balances result solely from the impossibility of buying, in which these countries find themselves, from the impossibility of obtaining the instruments of production necessary for their activities and of obtaining many other essential articles of life. The restrictions imposed by the war have not permitted them to import except in very limited quantities, agricultural and industrial machinery, railroad cars, mills, rails, trucks, automobiles, electrical equipment, and often did not permit them to import even spare parts either new or used.
Now, the very modest industrial plants of these countries, their railroads, systems of urban transportation, highway rolling equipment, agricultural, industrial and transportation equipment, water transport facilities, coastal or interior, already deficient before the war are today on the verge of collapse, and the open process of disintegration through lack of replacements or even remotely adequate maintenance and repairs.
This is the sole reason for the existing balances, which will evaporate on the day the war-time restrictions which impede the purchases of material are removed. Such balances are actually not sufficient to renovate our agricultural and industrial equipment or to repair the depreciation caused by three years of excessive use, without even a minimum of adequate maintenance, and repairs.

Increase Needed—Only ⅛ of a Cent a Cup

d) An increase in coffee prices sufficient to maintain economically in production the billions of coffee trees in Latin-America, sufficient to prevent economic ruin in the various countries, sufficient to avoid the loss of valuable markets for industries of the United States, would not constitute a sacrifice for the public because it would represent, at the most, about ⅛ of a cent in the cost of a cup of coffee. This means that a consumer who drinks four regular cups a day would have his budget for coffee increased by about ½ cent a day.

A Lowering Production May Affect U. S. Coffee Supply

e) If some readjustment is not made an unfortunate situation might arise, which would prevent or disturb the free flow of coffee to the American market, just at a time when the shipping situation is such as to permit an ample supply of the product for United States needs.
Coffee producers cannot be forced to sell their coffee at a loss, i.e., below the cost of production when the abandonment of plantations and the neglect of adequate cultivation of those which are still in production has already reduced the yield of coffee in some countries, and will reduce it even more in the coming crops due to the fact that neglect of the plantations for one year results in a reduced production which takes at least 3 years to return to original yield.
In the case of Brazil, unfavorable weather conditions and inadequate returns have reduced by more than 50% the last two crops.

Coffee Growers Unable to Take Further Losses

f) With reduced production, on one hand, and with the impossibility of continuing to produce without suffering economic losses under present conditions, on the other hand, it is only logical that the producers, so badly squeezed for some time past, will not be able to sell in 1945 at 1941 prices.

Would Rationing Be a Solution?

It is our considered opinion that rationing would not be a solution because it would not permit the restoration of plantations already abandoned or being abandoned, thus adversely affecting the producers, the trade and the consumer.

* * * *

This is the present situation of coffee as viewed and interpreted by the Pan-American Coffee Bureau. The gravity of the menace which weighs over the Latin-American producers who derive their livelihood from coffee, over the roasters, importers, brokers and distributors in the United States who deal in coffee and over the public which has made coffee its favorite beverage, can hardly be exaggerated.

In conclusion, may I express to you personally and on behalf of the countries represented by the Bureau our great appreciation for the cooperation offered at all times to the Bureau by your Association.

Cordially yours,

EURICO PENTEADO

of the Pan-American Coffee Bureau

SNAPPY FACTS ABOUT RUBBER

Demand for military tents has had a strong influence on the supply of cotton needed for the manufacture of tires and other rubber items.

Accurate tire inflation means more now than ever before. Too much pressure encourages impact breaks; too little causes excess flexing and heat—a heavy mileage waster.

A compliment to the technicians responsible for the development of synthetic rubber is the fact that tires and tubes required by the U. S. Ordnance Department are about 85 per cent converted to a substitute for natural rubber.

QUINTUPLETS always use this for CHEST COLDS

- ✓ To Promptly Relieve Coughing
- ✓ Make Breathing Easier
- ✓ Break Up Congestion in Upper Bronchial Tract, Nose, Throat

Whenever the Quintuplets catch cold—their chests, throats and backs are immediately rubbed with Musterole. IT MUST BE GOOD!

Musterole gives such prompt relief because it's more than just a "salve." It's what so many Doctors and Nurses call a *modern counter-irritant.* Musterole not only relieves coughs, sore throats, aching muscles due to chest colds but ALSO helps *break up congestion* in upper bronchial tract, nose and throat.

Musterole is wonderful for grown-ups, too! And so much easier to apply than a mustard plaster. Ready for *instant* use—just rub it on! *"No fuss! No muss, with Musterole."*

IN 3 STRENGTHS: Children's Mild Musterole, Regular and Extra Strong.

For Joyful Cough Relief, Try This Home Mixture

Saves Big Dollars. No Cooking.

This splendid recipe is used by millions every year, because it makes such a dependable, effective medicine for coughs due to colds. It is so easy to mix—a child could do it.

From any druggist, get 2½ ounces of Pinex, a special compound of proven ingredients, in concentrated form, well-known for its soothing effect on throat and bronchial membranes.

Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Put the Pinex into a pint bottle and add your syrup. This gives you a full pint of cough medicine, very effective and quick-acting, and you get about four times as much for your money. It never spoils, and is very pleasant—children love it.

You'll be amazed by the way it takes hold of coughs, giving quick relief. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Money refunded if it doesn't please in every way.
